B-LINE™

Water Rescue Device

The lightweight and streamlined design of B-Line means that it can be thrown further and more accurately to the victim, increasing the chances of a successful rescue.

B-Line provides the victim with buoyancy, helping to reduce panic and allowing regular breathing to recommence. They can then be pulled safely ashore.

Quick & Simple to use

Easily thrown with accuracy.

Buoyant and strong.

Easy to re-throw.

Re-usable.

Soft nose reduces risk of injury to the victim.

B-Line rescue device can be easily stored in a GUARDIAN Lifebuoy Housing.

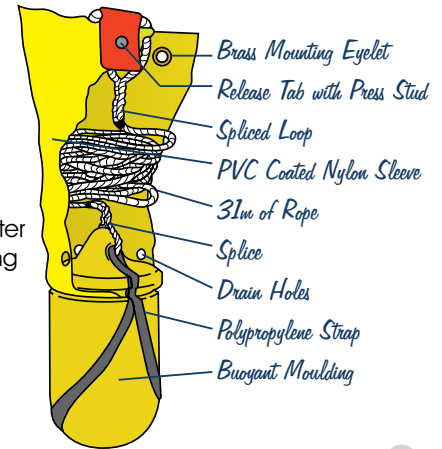

Not to be mounted in direct sunlight
(if not housed in a lifebuoy housing).

Compact and portable, the B-Line rescue device is the ideal water rescue aid for carrying by emergency service vehicles, and for siting at external or internal water spaces. B-Line can also be used for ice rescue.

B-LINE

- Colour:** Bright Yellow
- Length:** 685mm
- Diameter:** 159mm
- Weight:** 1.3kg
- Buoyancy:** 4.14kg
- Rope:** 31m of 6mm diameter polypropylene floating rope. Breaking strain 550kg.
- Sleeve:** PVC - coated nylon
- Strap:** Polypropylene

GLASDON LIFEBOUYS & B-LINE

EQUIPMENT	FUNCTION	USAGE	SUITABLE SITING	ADVANTAGES
Glasdon Lifebuoys	Provides buoyancy over extended period. Rope can secure casualty.	Vertical, i.e. for dropping from a height.	Piers, sea walls, promenades, docks and locks.	Easy to use and familiar. Discourages entry to water.
Glasdon B-LINE	Provides buoyancy. Can be thrown further than a Lifebuoy.	Vertical or horizontal. Throw to casualty.	All of the above plus beaches, rivers and lakes.	Easy and accurate to use and re-throw. Discourages entry to water.

GLASDON LIFEBOUYS

Model:	600	750
Material:	Polyethylene	Polyethylene
Colour:	Orange	Orange
Outside Diameter:	605mm	710mm
Inside Diameter:	405mm	430mm
Weight:	2.7kg	2.5kg
Rope:	30m of 8mm diameter rope 50m of 8mm diameter rope 30m of 10mm diameter rope 50m of 10mm diameter rope	
Grabline:	10mm diameter rope	

Lifebuoy 600

Lifebuoy 750

*Durapol® material is a polymer formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2008 test procedure. Durapol will not chip or rust, is easy to clean and never needs painting.

#Armortec® corrosion resistant coating is specially formulated to extend the life of Glasdon metal products and components used externally.

OPTIONAL FEATURES

Lid Stay

Supports the lid whilst the housing is open for replacing the buoy & rope.

(Please note: this feature does not apply to rail or wall mounted housings.)

Inspection Window

Provides visual confirmation for the operator that the lifebuoy is in the housing.

The unit can be personalised with your logo or message.

Slimline™ Storage Container

Mini-Ensign™ Sign Carrying Bollard

Personalisation

A centre boss label is supplied as standard on Guardian Lifebuoy Housings. These can be personalised with your name, logo or special instructions. Please call our Sales Office for further details and the cost.
